Paul - DWR is scheduling a meeting for next Tuesday morning with the new consultant (ICF) for both BDCP effects analysis and EIS/EIR to discuss schedule and process for moving forward. Given the track we are on, and the fact that the Corps needs to be closely involved in preparing the NEPA document, I think it would be helpful for the Corps to attend the meeting.

Patti - Do you agree? And will you follow up when the meeting is firmed up?

David
